IPAA ACT STRATEGIC PLAN

This strategic plan describes how, over the next two years, we will continue our work toward promoting excellence and professionalism in public administration.

Our plan has been developed following consultation with senior leaders from across the public sector over the past year, with a forum on innovation, leadership and professional development.

We have made good progress during 2015-16, which featured an expanded event program with strong participation from across the sector. We will continue to build on this progress with exciting new initiatives planned for the year ahead.

This strategic plan outlines the steps we will take to promote excellence and professionalism in public service, building on the strong partnership we enjoy with our members, partners and sponsors.

If you have ideas or would like to become involved further, I invite you to speak with Mr Drew Baker, the CEO of IPAA ACT.

Whether you are new to IPAA ACT or one of our many long term supporters, we look forward to working with you over the next two years as we implement this plan.

Dr Gordon de Brouwer PSM
President, IPAA ACT
