

# FUTURE LEADERS

## 2020 PROGRAM

THE IPAA FUTURE LEADERS PROGRAM PROVIDES AN EXCITING DEVELOPMENT OPPORTUNITY FOR EMERGING LEADERS IN THE PUBLIC SECTOR

### WHAT IS THE PURPOSE?

The program aims to provide emerging and future leaders with an opportunity to discuss and debate challenges relevant to them, broadening their perspective in the public service, whilst networking with participants from across the sectors.

### WHAT IS INVOLVED?

The program is an interactive series of five events and discussions, providing an opportunity for participants to discuss their ideas on how they can improve the future of the public sector.

Importantly, the program is not a training course, rather a series of curated content integrated through the following activities:

- **Panel Sessions** – three separate panel sessions will be run, each based on a key theme where a panel of speakers will address the theme and the current challenges facing the sector.
- **Group Activities** – participants will have an opportunity to reflect on each panel session and discuss thoughts and ideas with participants from across the program.
- **SES and Future Leaders Alumni** – Senior leaders and Future Leaders Alumni will have an opportunity to provide knowledge and expertise to participants throughout the program.
- **Networking** – participants will be given time to meet and build relationships with program participants throughout each session.

### WHO CAN APPLY?

The program seeks emerging and future leaders who are passionate, established and engaged about the public sector in their workplace, with aspirations of progressing to management roles.

Participants should be at the APS6 to EL1 level, or equivalent levels for private sector or academia.

Please note that this program is not targeted at people currently undertaking a graduate program and is only available to IPAA Corporate Members.
